A. B. Robertson & Bro.
The old and reliable firm of A. B. Robertson & Bro., the Danville dry goods firm, came out in a big ad. in today's RECORD. Read every word of it.

City Council.
The City Council met in regular session Monday evening but did nothing of importance. The question of compulsory vaccination came up, but no such order was made. It was decided that in cases where parties wanted the work done and could produce satisfactory evidence that they were unable to pay for same, the town would settle for such operation.

To Get Painters.
County Judge Burnside and Squires Dunn and Myers went to Lexington, Carlisle and several other counties this week to see the manner in which the pikes are kept up and to gather such points as would assist in the matter here in Garrard. The problem of keeping up the pikes is both knotty and expensive, and the officers are wise in getting all the information obtainable before taking any permanent steps.

Gratitude.
The owners of the Pilgrimage Distillery, Messrs. Levy Bros., Cincinnati, ordered 300 extra copies of THE RECORD containing our write-up of their plant. We are so used to having people complain because we do not praise them a little higher that Levy Bros. appreciation of our humble efforts came like a clap of thunder from a clear sky. An exhibition of gratitude is a rare occurrence these days.

Smash Up.
A horse attached to a rockaway became frightened near Joseph's store Tuesday, and dashed across the square at frightful speed. When in front of Gaines' grocery the runaway came in contact with Mr. Gaines' delivery wagon, causing it to break loose and run, and Mr. Rigney's undertaker's wagon was slightly damaged. The rockaway was smashed into kindling wood. The turnout belonged to Mr. E. Dunn.

Ready For Business.
Having bought the stock of Loeckey Bros., we are now open for business. Will keep constantly on hand a first-class stock of dry goods, groceries, shoes, hats, hardware, queensware, and in fact, everything kept in an "up-to-date" general merchandise store. Also a nice line of furniture and Undertakers goods. Our terms are cash, or will take in exchange for goods all kinds of country produce, for which we will pay the highest market price, and will sell goods as cheap as you can buy them in the country. It will be to your interest to see us before buying elsewhere. Give us a call. Very respectfully, R. L. Jennings & Co., Paint Lick, Ky.

The Small Pox Scare.
The excitement created by the dangerous approach of small pox has about died out in Lancaster, though the doctors are yet doing much vaccinating. Sore arms are thick as hops and, if you want to get knocked down, just grab the average Lancaster man, woman or child by the left arm. While there is no immediate danger, yet it is no bad idea to have the operation performed. Reports from Middlesboro say the disease is fast dying out there, but there are yet enough cases to spread the disease all over the state if a strict watch is not kept.

TO CURE A COLD IN ONE DAY.
Take Laxative Broom Quinine Tablets. All Druggists refund the money if it fails to cure. 25 cents.

Send in your names to undersigned at once for sleeping car space. Special rates at the hotels. GEO. W. BARNEY, D. P. A. C. & O. Ry., Lexington, Ky.

Straining at a Gnat.
One of the most ridiculous things we have heard of lately, is the disposition of some people to take exceptions at part of the Old Bachelor's show. In the initiation of the candidate, a long and foolish obligation was given, the party administering it making the affair up as he went along. Being a member of several secret orders, he naturally wound up with "so help me God, and may He keep me steady." Now some are tearing their hair over this great sin and want Lewis Walker to sit in sack-cloth and ashes over the unpardonable sin. Of course it was not exactly right, but if those raising the howl are so perfect and pure that this sin is offensive to them, they have no business in this wicked world; their place is up with St. Peter. Such ideas of religion make us very, tired.

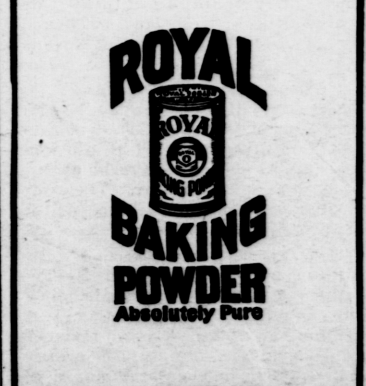

Bachelor's Convention.
The Court House was crowded Friday night by people from all over the county, who came to witness the Old Bachelor's Convention. The first scene represented a barber shop with the well-known bachelors of the town and county making ready to go to the convention. This part was first-class in every particular. The second scene was the convention proper, which was presided over by Lewis L. Walker, representing J. Crafty Barnside. The bachelors were represented by young men about town. Many good hits were made, though some of the parts were exceedingly tame and fell flat. Five or six members told their experience well, but some, we regret to say, showed great lack of study and preparation. Some of the boys seemed to think that all they had to do was "make up" and get on the stage, putting no work on what they were to do or say after having made their appearance. Joe Robinson's address (representing Pony Bazey), was very good, and took well with the audience, though he was interrupted by some smart Alex in the audience, who tried to "kick" Joe. The aforesaid Alex was "called down" successfully by Mr. Walker.

At the conclusion of the convention a minstrel show was given by several young men, assisted by the Lancaster band. Lewis Walker acted as interlocutor, with Charley Anderson and Letcher Owsley on the "ends." Anderson and Owsley are certainly first-class minstrels and their work was highly complimented by everybody who saw it. Their "gags" were all new and were sprung on popular, home people, which, of course, made them more enjoyable. The singing of John Farra, Ode Shugars, Virge Kemper, Owsley, Hughes and Anderson, was well up, and one of the most enjoyable features of the evening. This in a great measure was due to the lovely piano accompaniments played by Miss May Z. Hughes. This charming little lady very gracefully agreed to help the boys by playing, as they had no orchestra, and had it not been for her kindness, the musical part of the program would have been a flat failure.

By far the best and most appropriate part of the evening's entertainment was the tableau. This represented America standing between little Cuba and Spain. The latter, with drawn knife, was striking at Cuba, when an officer of the U. S. Army (in full uniform), grabbed Spain's striking arm. America was represented by Miss Lula Robertson, a beautiful and lovely young lady, of Elizabethtown, now visiting Mrs. Ellen Owsley.

If every Kentucky colonel could raise a regiment to march against Spain, what a vast army would be but in the field by the grand old Commonwealth. The other States of the Union wouldn't be in it.—Georgetown Times.

The Royal is the highest grade baking powder known. Actual tests show it goes one-third further than any other brand.

Pleasant Affair.
The social given at the Christian church Wednesday evening was a very enjoyable affair in every way. A great many of the members assembled about 7:30 o'clock and passed several hours in social conversation, singing and partaking of elegant refreshments prepared by the good ladies. Such entertainments are calculated to do much good in any church, as they bring the members closer together, interest them in the church's welfare and, in fact, have a good influence every way.

I would like to do your plain sewing and dyeing. Mrs. Ophelia Dunn.

Death of Isham Merriman.

On the State Medical Board.
Gov. Bradley sent to the Senate the name of Dr. W. S. O'Neal, of this city to be a member of the state board of health. Senator George Farrie objected to the confirmation and the name was referred back to the committee. We understand today that Mr. Farris has withdrawn his objection and that the doctor will be confirmed.

B. G. Fox & Rice have just shipped to Atlanta a car of horses which they bought at \$50 to \$100. B. G. Fox & Rice sold to F. E. Griffin, of Atlanta, a five-year-old bay mare by Happy Day, out of the dam of Dave Rowland 2:17, for \$200; and to W. S. Barrier, of Shelby, a five-year-old harness horse for \$100. E. W. Lee arrived home Saturday morning from Atlanta, where he had been handling mules. He sold over one thousand head on commission. Mr. Lee says prices were about as good as usual, but there were not quite as many sales. He was well satisfied with his trip in every way.—Danville Advocate.

Buffalo Roller Mills.
Paint Lick, Ky.

It cost money to advertise and we do not advertise for fun or pastime, but mean business, strictly. We do believe that we are in shape to give you as good flour in exchange for your wheat, as can be made and as most wheat that was raised in 1897 was good it is a rare exception that we fail to give our customers 34 lbs. of our faultless flour and 10 lbs. bran for every bushel of wheat. If you will try us with a wagon load of wheat we are sure you will come again. We are prepared to exchange flour every day except Sunday. We guarantee our flour just like we do when we sell it. If it is not good return it and we will satisfy you. BURNHAM & RUCKER.

FRIDAY, March 11, - 1898.

The efforts of Uncle Sam's officials to keep down the war excitement are proving a failure and the prospects of a fight with Spain grow more alarming each day. Spain called for the withdrawal of Consul General Lee, but Mr. McKinley refused flatly to do so. Spain then withdrew her call and gave some lame excuse for making it. Both countries are making all possible preparations and we believe a war is sure to follow. Every member of the National House voted for the Cannon bill placing \$50,000,000 at the disposal of the President to meet any emergency in the national defense. The vote on the bill was preceded by a debate, in which men of all parties and from all sections united in declaring that they knew no party divisions in any emergency concerning the national honor and safety. Some regarded such a provision for war as the surest guaranty of peace; others declared it a war measure and supported it as such. The Navy Department is pushing negotiations for the purchase of warships. The cable is being used freely, and Commander Brownson will sail by the first available steamer to find what warships can be bought. It is reported that the Government has an option on two cruisers that are being constructed for Japan. These two vessels will be among the swiftest cruisers in the world.

While we are confident the United States will come out of the conflict with flying colors, yet we have a presentiment that Spain has a card of some kind up her sleeve and will give us a harder fight than is generally expected. The report of the Court of Inquiry is anxiously awaited and when it is made prompt action will be taken by Mr. McKinley.

It is easy to see why Spain desired the recall of Consul General Lee. His Americanism is too robust to suit the Spaniards either in Cuba or Spain. The Madrid Government would prefer to see in Lee's place some man who would think more of Spain's interests and less of those of the United States than Lee does. Some one of the three or four gentlemen who are holding up American legislation in the House would suit Spain in this crisis. The United States could spare these, but she will not send them to represent her interest in Cuba. She will keep them where they can be watched. Lee is emphatically the right man for the place, and he will stick.

The Bronston prison bill has become a law over Gov. Bradley's veto. It takes the prison management out of the hands of the sinking fund commissioners and places it with a commission of three persons elected by the legislature. As that body will appoint democrats it means that the two republican wardens, two deputy wardens, two physicians and all the guards will be taken by the seat of the pants and pitched out into the cold world. The public has been worn out by so many prison "scandals" and talk of mismanagement that a hearty amen will go up over any change that will put a stop to the windy gab concerning the prison management.

We notice the name of Judge M. C. Sauley among those proposed for Congress this fall. There is no man whom we would rather see go to congress than the able gentleman from Lincoln, but the people of this judicial district want Judge Micha C. Sauley to remain right where he is. A judge who will at all times act impartially, and, best of all, will not run off on hobbies or mouse tracks, is too rare and great a blessing to let go, no matter what he thinks about it. We believe we voice the sentiments of a majority of the people, and especially the litigants and members of the bar, when we say, keep Judge Sauley where he is.

The L. & N. railroad, which is one of the best managed in America, has announced its intention to restore the 10 per cent. cut made in wages several years ago. This will increase its annual expenses about \$700,000 and will be a big lift for the employees. The railroad man's lot is not an easy one by any means, and the poor fellows earn every red cent they get. The L. & N. is said by employees everywhere to be the best in the country to work for. A man is promoted when he deserves it, and faithful performance of duty is always rewarded.

The older the buck, the harder the hoof. Just listen at Brer. Walton: "Down in the Southern part of the State a young woman is doing a land office business selling books. She's young and she's fair and her modus operandi never fails. A kiss goes with each book and as her lips are as red and as ripe as May cherries are in June her books and her favors go like wild fire. The gentlemen of the "Penny-rile" will please pass her up this way p. d. q."

Our Senator George Farris will not win much fame from stopping an "altercation" between Charley Bronston and Mr. Enloe. We do not know much about Enloe, but a ten-year-old lad can stop the boisterous Charles when he gets into a scrap. Go stop some real sure-enough bad 'uns, George. Don't waste time jumping between two fellows who could not be pushed together with mogul engines.

STATE NEWS ITEMS.

WANT A RAISE.

Conductors, Engineers and Firemen of the L. & N. Road in Session.
LOUISVILLE, Ky., March 4.—General Manager Metcalfe, of the Louisville & Nashville railroad, met a committee appointed by the conductors, engineers and firemen of that system, who are in session here, Thursday. They asked for a restoration of the ten per cent. cut in their wages, which was made in 1893. The request was made in a courteous, gentlemanly manner and General Manager Metcalfe, who had come in from Florida to be present, told the members of the committee that their request would be complied with in the course of a few months, at most, and regretted sincerely that the cut could not be restored at once. He, however, gave the members of the committee such assurances of the road's intentions in this direction that the conference ended very pleasantly. The meeting adjourned Thursday afternoon.

MANY BURGLARIES

In Paducah Caused an Idlers Ordinance and a Curfew Law to Be Passed by the City Council.
PADUCAH, Ky., March 4.—Forty or fifty burglaries of note in this locality have aroused the people and a stringent idlers ordinance and a curfew law have been adopted by city council and put in force. Wednesday night a strong vigilance committee also went to work and eight Negroes and three white men were caught and all whipped, two severely, and forced to leave on departing trains. One Negro in his haste to depart fell from a moving train and was injured but he was thrown on and carried away. The committee promises to clean the town before disbanding. There is great fear particularly among Negroes. Trouble may result.

THE HOUSE

Passes an Act Declaring Both Gold and Silver Legal Tender in Payment of Debt on the Same Terms.
FRANKFORT, Ky., March 5.—The house of representatives has passed by a party vote an act to prevent the making of a contract payable in gold and making such a contract null and void. Dr. A. FRANKFORT, Ky., March 7.—The Bronston prisons bill came up in the senate Saturday, where it was a special order. It was passed over the governor's veto by a strictly party vote of 25 to 11. Brown (dem.) and McConnell (rep.) did not vote. This is the first knockout of the governor at this session.

CONSCIENCE MONEY.

Over Two Thousand Dollars Paid to Collector Sapp, of the Louisville District, to Be Paid Into the United States Treasury.
LOUISVILLE, Ky., March 7.—Rescued of unknown parties the sum of \$2,400, alleged by them to be due the United States government as taxes on whisky in bond in 1893 in the state of Kentucky, said taxes being withheld by unknown parties at the time.

"CHARLES E. S. SAPP,"
"Collector Internal Revenue, Fifth Kentucky District."
"March 4, 1898."

This receipt was given an unknown man by Collector Sapp after the stranger had counted out \$2,400 in gold. It was conscience money. The stranger explained himself to Collector Sapp as follows: "I represent parties now living in a distant state. In 1893 they lived in Kentucky and defrauded the government out of considerable money in whisky taxes. How it was done makes no difference to you. The parties I represent are conscience stricken; they want to return the money with interest. Will you give me a receipt for the money if I pay it over to you?"

Collector Sapp was, of course, willing to give a receipt and accept the money. Later he wired the department at Washington of his unusual collection.

BLOODY FIGHT

In Which One Man is Reported Killed and Two Others Mortally Wounded.

CALLLOWAY, Ky., March 7.—A bloody fight took place Saturday evening in the new Harlan district of Harlan county in which one man is reported to have been killed and two others mortally wounded. The participants were William Gross and Sam Gross against Abe Carroll, John Carroll and Abe Sewell. Knives and pistols were freely used, and it is said that Sewell was instantly killed, while Wm. Gross and one of the Carrolls were fatally injured. Particulars are meager, but so far as can be learned the trouble arose over the killing of a calf belonging to the Gross brothers by Carroll.

Mortally Wounded.

GREENVILLE, Ky., March 8.—P. B. Hardison, proprietor of the Depot hotel, shot and mortally wounded L. T. Pence, a young man. Pence and Hardison's wife were standing in the hotel office in conversation, when Hardison cried out to leave the place. Pence walked to the door and was leaning against it when Hardison fired. Hardison was arrested at once.

Caught in the B's's Snail.

HOPKINSVILLE, Ky., March 8.—T. W. Fletcher, residing in this city, was in the woods Monday getting out timber for rails, assisted by a 12-year-old son of Thos. Dunning, a neighbor. As the boy was moving a wedge the heavy maul in Fletcher's hand accidentally came down on his head, crushing in his skull and inflicting other injuries that resulted in death.

Disgraceful Scene in Church.

LEXINGTON, Ky., March 8.—The Hill Street Methodist church was the scene of a conflict Sunday between John D. Walker and S. S. Roszell, deacons, and James H. Overstreet, a member of the choir. Overstreet was asked by the two, as a committee, to leave the choir. Hot words followed, and it is alleged, Walker struck Overstreet. Friends intervened.

The School Book Bill.

FRANKFORT, Ky., March 5.—It is learned that a caucus on the Chinn school book bill will be called. The supporters of the measure still think there is a chance to force the senate to reconsider its refusal to recede from the adoption of the Bronston substitute, which the house would not accept.

Mrs. Herol Ray has in her possession a chicken trough made by her father from a sand stone rock 60 years ago, when he was a small boy.

One of our citizens, who has the reputation of being a fine marksman, went hunting a few days ago. He had not proceeded very far when he espied two coons up a tree lying side by side, fast asleep, both in the same position. Getting in front of them, took aim, shooting one through the nose, the ball ranging down through the heart, causing it to instantly roll out of the tree, he reloaded his rifle, which was of the old fashioned muzzle loading kind, took aim at the other coon which had in the mean-time slept quietly on, not the least disturbed in the first killing, nor in the preparation being made for the next, so the second coon was killed in precisely the same way as the first, (through the nose and through the heart). When closely questioned on the subject the man said he had evidence to prove the truthfulness of this story. Your correspondent has possession of one of the coon hides which will make a handsome rug.

We are anxious to do a little good in this world and can think of no pleasanter or better way to do it than by recommending Oae Minute Cough Cure as a preventive of pneumonia, consumption and other serious lung troubles that follow neglected colds. Stormes' Drug Store. 1m

Blood Poison.

Contagious Blood Poison has been appropriately called the curse of mankind. It is the one disease that physicians cannot cure; their mercurial and potash remedies only bottle up the poison in the system, to surely break forth in a more virulent form, resulting in a total wreck of the system.

Mr. Frank B. Martin, a prominent jeweler at 266 Pennsylvania Ave., Washington, D.C., says: "I was for a long time under treatment of two of the best physicians of this city, for a severe case of blood poison, but my condition grew worse all the while, notwithstanding the fact that they charged me three hundred dollars."

My month was filled with eating sores; my tongue was almost eaten away, so that for three months I was unable to taste any solid food. My hair was coming out rapidly, and I was in a horrible fix. I had tried various treatments, and was nearly discouraged, when a friend recommended S.S.S. After I had taken four bottles, I began to get better, and when I had finished eighteen bottles, I was cured sound and well, my skin was without a blemish, and I have had no return of the disease. S.S.S. saved me from a life of misery."

S.S.S. (guaranteed purely vegetable) will cure any case of blood poison. Books on the disease and its treatment, mailed free by Swift Specific Co., Atlanta, Ga.

Joe C. Bryant died at his home in Bryantsville, Feb. 25th, of a complication of diseases. His funeral was preached at the residence on Sunday morning, by his pastor Rev. W. L. Clark, and his remains were buried in the family burying ground near his home, as he had requested it some time before his death. Mr. Bryant was 57 years of age, and had been a member of the Methodist church for thirty years. He was a man of noble character, and beloved by all that knew him. He leaves a wife and one son to mourn his loss, but they have the sympathy of this entire community.
